Subject: Fwd: priorities and next steps for FL assumption correspondence

FYI, I did ask for Tom to be very clear to Pam on the assumption priorities so he wrote this out for her which should be very helpful to them.

Becky B. Allenbach, Deputy Director
Water Division - EPA Region 4

Subject: priorities and next steps for FL assumption correspondence

There are more FL assumption documents routing that are coming your way, and below is a summary of the priorities and my sense of when these will arrive in your in-box.

1. Federal Register Notice
 - Highest Priority! It needs to go the Office of Policy by COB Monday.
 - It will arrive no later than first-thing Monday morning. It's now with Leif Palmer, and it will route on to you after he concurs.
 - Jeaneanne, Mary, and Dave Ross have already reviewed it.
 - I don't expect you'll need to make any edits, but if you do, please let me know first what they are.
2. 3 letters to Seminole Tribe, Miccosukee Tribe, and Poarch Tribe
 - These should be signed by COB Monday. I think you already sent one to Jeaneanne and the other 2 were routed to you this afternoon.
3. ESA consultation letter to the Fish and Wildlife Service (includes Biological Evaluation as an attachment)
 - We would like this to be signed by Monday to the extent that's possible.
 - You will receive the package by mid-day Monday.
 - The attorneys made some mark-ups to the Biological Evaluation you're reviewing, but you can see those in track changes in the sharepoint site that you already have access to.
 - Jeaneanne told me today that Mary reviewed it the Biological Evaluation and had no comments, and Julie already provided her edits.
 - You don't need to review the appendices of the Biological Evaluation.
4. 11 NHPA consultation letters (8 letters to Tribes, letter to FDEP, letter to ACHP, and letter to SHPO)
 - We need these to be signed by Tuesday.
 - These should be routed to you by early Tuesday.

- The content of the letters is identical in 8 of the letters, and the other 3 letters are similar.
5. Letter to the National Marine Fisheries Service
- We need this to be signed Tuesday.
 - This should be routed to you by early Tuesday.
